

The 120 Km. handicap at Maryborough went to Chelsea rider Ricky Wise from Gary Cross (directly behind) and third was Adrian Pobjoy (left of photo).

The scratch bunch was small due to the clash with the Tour of the North and they only caught two bunches early in the race with fastest time finally going to John Nuttall.

On the Sunday, the excellent main street circuit was used for the Criteriums however a "sour lemon" award goes to all those riders who bothered to enter but didn't bother to appear. They visually thinned the races to the point where fewer grades over longer distances could have been enjoyed by those that did ride as well as by the spectators.

A visiting rider from South Australia, Mark Cooper strongly outsprinted the 'B' grade Senior and Junior field making a worthwhile weekend for him since he had also finished fourth in the Saturday handicap.

The Aces Criterium was stirred along by John Beasley who had just finished the Tour of the North the day before. He led for ten laps and was only captured at the bell then Brett Youdan skipped out of the bunch down the back straight and held sufficient gap to reap the final victory. Beasley easily took the award for the most aggressive rider. Greg O'Sullivan sprinted well to finish second ahead of Tony Hughes.
